

mensa

Mensa Shiraz Malbec 2017

Wine Description

This beautifully assembled blend displays spicy notes and a range of fresh dark berries. It is supported by a good structure with a strong presence of sweet and harmonious tannins plus a touch of oak.

Vineyards

The vineyards are planted in deep red soils, ensuring excellent water retention and contributing structure and fullness to the wines.

Winemaking Techniques

After crushing the grapes were inoculated with known yeast strains. A controlled pump-over schedule was followed to extract intense colour without harsh tannins. The wine was fermented for 10 days on the skins and malolactic fermentation commenced in tank. The wine was matured on French oak staves for 10 months.

Vintage Conditions

The average 2017 harvest temperature was low with exceptionally cold weather conditions. The vineyards generally showed good and balanced growth without it being excessive or too vigorous. In most cases the water supplies were sufficient to ripen the harvest while the ripening period was also cooler than usual as well as very dry. The grapes reached good acidity levels and lower pH levels and generally didn't struggle to accumulate the sufficient sugar levels. The season was characterised by healthy, full-flavoured grapes.

Food Pairing

A perfect match for steak and pork.

Appellation: Western Cape | **Varieties:** 70% Shiraz, 30% Malbec | **Harvest Date:** March

Vintage: 2017 | **Alc:** 14.5% | **RS:** 7g/l | **pH:** 3.63 | **TA:** 5.21g/l
